

## Pillowcase Construction

- Use cheery fabrics for kids – colorful and fun as possible
- Remember many patients are adolescent boys and girls, we always need pillowcases appropriate to teenagers

### **Supplies:**

- 3/4 yard of fabric for pillowcase
- 1/3 yard of fabric for border of pillowcase

### **Sewing Instructions:**

- Cut the body of the case 26 1/2" x 40 1/2" and the border 10 1/2" x 40 1/2".
- Fold the border in half lengthwise, with the wrong sides together, and press.
- Place the right side of the border on the right side of the body of the case. Stitch together using a 1/2" seam allowance.
- Place right sides of the pillowcase together. Stitch down the side and across the bottom. Turn to the right side and press.

NOTE: Make sure to wash the fabric for the protection of the children with suppressed immunity. In addition, please place each pillowcase in its own ziplock bag.
